GOVERNOR VETOES

AB 567 (Gipson). Medical Cannabis: Regulation and Taxation Amnesty

Requires the State Board of Equalization to administer a six-month tax penalty amnesty program beginning on July 1, 2017 through December 31, 2017, inclusive, for medical cannabis-related businesses, as specified. Requires the Department of Consumer Affairs to suspend or refuse to issue a state license to a medical cannabis-related business that is eligible for, but does not participate in, the amnesty program, as specified.

Governor's veto message:

This bill requires the Board of Equalization to develop and administer a tax amnesty program for medical cannabis businesses.

While increasing tax compliance among medical marijuana businesses is important, it is premature to create a tax amnesty before the regulations that link enforcement to licenses are promulgated.

AB 717 (Gonzalez). Sales and Use Taxes: Exemption: Diapers

Establishes a temporary sales and use tax exemption for diapers designed, manufactured, processed, fabricated, or packaged for use by infants and toddlers, designated Size 3 or under.

Governor's veto message:

I am returning the following seven bills without my signature:

Assembly Bill 717
Assembly Bill 724
Assembly Bill 1561
Assembly Bill 2127
Assembly Bill 2728
Senate Bill 898
Senate Bill 907

Each of these bills creates a new tax break or expands an existing tax break. In total, these bills would reduce revenues by about \$300 million through 2017-18.

As I said last year, tax breaks are the same as new spending -- they both cost the General Fund money. As such, they must be considered during budget deliberations so that all spending proposals are weighed against each other at the same time. This is even more important when the state's budget remains precariously balanced.

Therefore, I cannot sign these measures.

AB 724 (Dodd). Sales and Use Taxes: Exemption: Museum Displays: Jimmy Doolittle Air and Space Museum Education Foundation

Establishes a sales and use tax exemption for tangible personal property purchased by the Jimmy Doolittle Air and Space Museum Education Foundation for display purposes.

Governor's veto message:

I am returning the following seven bills without my signature:

Assembly Bill 717
Assembly Bill 724
Assembly Bill 1561
Assembly Bill 2127

AB 1561 (Garcia). Sales and Use Taxes: Exemption: Sanitary Napkins: Tampons: Menstrual Sponges and Menstrual Cups

Establishes a sales and use tax exemption for tampons, sanitary napkins, menstrual sponges, and menstrual cups.

Governor's veto message:

I am returning the following seven bills without my signature:

Assembly Bill 717
Assembly Bill 724
Assembly Bill 1561

AB 1952 (Gordon). Property Tax: Postponement

Increases the amount of funds authorized to be used by the State Controller to pay approved claims for the postponement of property taxes under the Senior Citizens and Disabled Citizens Property Tax Postponement (PTP) Program. Makes other administrative changes to the PTP Program.

Governor's veto message:

This bill allows the Director of Finance to authorize expenditures from the General Fund to pay all approved claims from the Senior and Disabled Citizens Property Tax Postponement Program if the State Controller determines there are insufficient funds.

The premise of the 2014 legislation reinstating this program was that it be entirely self-financing. This bill will reverse that, putting the General Fund back on the hook.

AB 2127 (O'Donnell). Taxation: Motor Vehicle Fuel: Use Fuel: Alcohol Fuels

Increases the allowable percentage of gasoline that may be included in E85, from 15 percent to 18 percent, and makes corresponding changes to the definition of gasohol.

Governor's veto message:

I am returning the following seven bills without my signature:

Assembly Bill 717

This is even more important when the state's budget remains precariously balanced.

AB 2365 (Gipson). Sales and Use Taxes: Exclusion: Pawnbrokers: Transfer of Vested Property

Provides that the terms "sale" and "purchase" do not include the transfer of vested property, as defined, by a pawnbroker to a person who pledged the property to the pawnbroker as security for a loan if specified requirements are met, thus excluding such transfers from taxation under the Sales and Use Tax Law.

Governor's veto message:

This bill, until January 1, 2022, would establish a sales tax exemption to customers who buy back their pledged property from pawnbrokers after defaulting on a loan.

I continue to believe that the state's budget remains precariously balanced due to unexpected costs and the provision of new services. New sales tax exemptions, like new spending on programs, need to be considered comprehensively as part of the budget deliberations.

AB 2691 (Holden). Property Taxation: Monthly Property Tax Payment Program

Authorizes a county board of supervisors to adopt a resolution or ordinance allowing qualified taxpayers, as specified, to pay their property tax in monthly installments.

Governor's veto message:

I am returning Assembly Bill 2691 without my signature.

This bill authorizes a county board of supervisors to let qualified taxpayers pay their property taxes in monthly, rather than biannual, payments.

County supervisors, tax collectors, and auditors across the state oppose this measure due to the significant costs to upgrade tax collection systems. I am not convinced that changing these current systems, many of which have been in place for decades, is worth the cost.

AB 2728 (Atkins). Insurance: Community Development Investments

Extends the provisions relating to the authorization of the Community Development Financial Institution tax credit and certification by the California Organized Investment Network until January 1, 2018. Further requires priority for the tax credit to be given to insurance company investors.

Governor's veto message:

I am returning the following seven bills without my signature:

Assembly Bill 717
Assembly Bill 724
Assembly Bill 1561
Assembly Bill 2127
Assembly Bill 2728
Senate Bill 898
Senate Bill 907

Each of these bills creates a new tax break or expands an existing tax break. In total, these bills would reduce revenues by about \$300 million through 2017-18.

As I said last year, tax breaks are the same as new spending -- they both cost the General Fund money. As such, they must be considered during budget deliberations so that all spending proposals are weighed against each other at the same time. This is even more important when the state's budget remains precariously balanced.

Therefore, I cannot sign these measures.

SB 526 (Fuller). Personal Income Taxes: Joint Returns: Court Orders: Relief from Liability

Allows a court, as part of a proceeding for dissolution of marriage, to relieve a spouse of liability for the tax on income earned by or subject to the exclusive management and control of that spouse, as specified.

Governor's veto message:

This bill allows a court, in a proceeding for the dissolution of marriage, to assign complete income tax liability to one party.

I am concerned this bill goes too far by changing the long-standing policy of joint and several liability, which holds that two married persons are responsible for the full tax in a given year and that each spouse is responsible for the tax liability on whatever income he or she individually earns.

Under existing law, an unknowing spouse can already be granted relief from tax liability if the other spouse failed to report income, reported income improperly, or claimed improper deductions or credit. I think that is sufficient.

SB 898 (Nguyen). Sales and Use Taxes: Exemption: Animal Blood

Establishes a sales and use tax exemption for animal whole blood, plasma, blood products, and blood derivatives, sold by a nonprofit animal blood banking business for use in the cure, mitigation, treatment, or prevention of injury or disease in animals pursuant to Food and Agricultural Code Section 9241.

Governor's veto message:

I am returning the following seven bills without my signature:

Assembly Bill 717
Assembly Bill 724
Assembly Bill 1561
Assembly Bill 2127
Assembly Bill 2728

This is even more important when the state's budget remains precariously balanced.

Therefore, I cannot sign these measures.

SB 907 (Galgiani). Personal Income Taxes: Gross Income Exclusion: Mortgage Debt Forgiveness

Extends the tax relief for income generated from the discharge of qualified principal residence indebtedness (QPRI). Applies to discharges of QPRI occurring on or after January 1, 2014, and before January 1, 2017, and discharges of QPRI on or after

January 1, 2017, if the discharge is pursuant to an arrangement entered into and evidenced in writing prior to January 1, 2017.

Governor's veto message:

I am returning the following seven bills without my signature:

Assembly Bill 717
Assembly Bill 724
Assembly Bill 1561
Assembly Bill 2127

SB 1304 (Huff). Property Taxation: Disaster Relief: Porter Ranch Methane Gas Leak

Revises the eligibility criteria for reassessment of property, which was damaged or destroyed by a major misfortune or calamity, and thereby retroactively authorizes property tax relief to property owners impacted by the Porter Ranch neighborhood methane gas leak.

Governor's veto message:

This bill allows for retroactive property tax assessments for those affected by the Porter Ranch gas leak and expands the basis for future tax relief in similar circumstances.

Under existing law, the county assessor can already reduce the assessed value of homes to reflect changed market conditions. I think that should be sufficient.
